

Rocky Mountain Council President's Message

I am thrilled and honored to be assuming the presidency of the Rocky Mountain Council for 2007-2008.

I have been a member of the Albuquerque Chapter since 1995. During my twelve years of membership I have attended many excellent technical meetings, been a speaker at a luncheon technical meeting, sponsored students at our student night meetings, attended CMA exam review classes, obtained my CMA and CFM certifications, and held various positions on the Albuquerque Chapter's Board of Directors. Lastly but certainly not least, I have met many wonderful members, developed lasting friendships and professional relationships, and had a lot of fun along the way. During the next year I hope to bring the opportunities of my past IMA experiences to as many members as possible.

The main purpose of the Council is to provide assistance to the chapters as needed. It is our mission to aid the chapters in the continued growth of the IMA at the local level. Meeting several times during the year, we assist the chapters with services and activities, as well as promote and disseminate information from IMA headquarters in Montvale, NJ.

I would like to personally invite individuals from the Rocky Mountain Council member chapters to join our council in some capacity. I would also ask every individual member to encourage their peers, their subordinates, and their bosses to support and join the IMA.

Our prospects in the 2007-2008 year are bright! I pledge to do everything I can to continue our path of success.

It is my pleasure to serve as your council president,

Lola Neudecker, CMA, CFM, CPA, CFE
